To whom it may Concern.

I am writing to recommend CPa Medical Billing LLC , whom we have retained as our primary revenue cycle service for the past three years. At present, CPa manages all of our revenue cycle capture and reporting activities for our family medicine and behavioral health programs.

It is our intent to continue to grow and expand our professional relationship with CPa in 2020 and Beyond; as we continue to develop our clinical operations.

There is no doubt CPa Medical Billing LLC would be a trusted and valuable asset to your healthcare organization and It is without reservation that I give my highest recommendation.

If I can be of further assistance in providing any additional insights regarding how we utilize their services, please do not hesitate to contact me at 979-436-9233 or jebson@tamu.edu.

With Most Sincerity,
